

Sweet Little Something

Forever In Your Mind

When I met you
Didn't know what to do
I'm the kind of person you look through
From two places worlds apart
You're into boats and works of art
But you're still tuggin' on my heart

Give me one chance
'Cause I can do that dance
Maybe show you I'm advanced...
In how to be your man
'Cause you know that everywhere I go
I kinda lose control of how you're making me feel

Girl, would you be my, would you be my...
Sweet little something?
Baby, we'll get by, we'll get by
Sweet little something
Give me just one night
So let me ask you
Girl, would you be my, would you be my...
Sweet little something?

Hey,
On that first date
So lost with words to say
Little things came into play
The way you smile on just one side
That sparkle in those pretty eyes
Makes me wanna blow my mind

May take a while,
But I can make that mile
Your hair, your grace, your style
The only reason I smile
One simple glance and that was all it took
You stopped my heart with just one look
You cast your line now I'm hooked

Girl, would you be my, would you be my...
Sweet little something?
Baby, we'll get by, we'll get by
Sweet little something
Give me just one night
So let me ask you
Girl, would you be my, would you be my...
Sweet little something?

Try my best,
We'll never rest
Take on the world and nothing less
No matter what you put me through
I'm gonna make my way to you
You're made for me
Just meant to be
Girl, someday you're gonna see

You can keep on chasin'
Until my heart is racin'
Gonna keep you on your toes
See how the laughing goes
Mean it, boy. Yo, don't be frightened
And maybe I'll be your sweet little something

Girl, would you be my, would you be my...
Sweet little something?
Baby, we'll get by we'll get by
Sweet little something
Give me just one night
So let me ask you
Girl, would you be my, would you be my...
Sweet little something?

You gotta be, oh, you gotta be
Oh...

You gotta be my sweet little something
Oh, oh, oh, oh, oh
You gotta be, you gotta be
My sweet little something.
