

Can't Begin To Explain

Forever Still

I can't decide what you deny
I would've liked for you to try for you and I
Something wicked washes over me
But I cannot pin it down for long

Feels like life is catching up with me
And it makes me feel so small
Well, at least I feel something

But I can't remember where I've been
And I can't explain the state I'm in

Can't begin to explain
Can't begin to explain
Can't begin to explain
Can't begin to explain
Can't begin to explain
Can't begin to explain
Can't begin to explain
Can't begin to explain

Somethin' stares me in the face again
It's a different point of view
It's time that we wake up!

But I can't remember where I've been
And I can't explain the state I'm in
Well, I think we've finally crossed the line
And I fear we're running out of time

Hold on
On to what we've got
Just hold on
'Till we figure it out

But I can't remember where I've been
And I can't explain the state I'm in
Well, I think we've finally crossed the line
And I fear we're running out of time
