Scars

Forever Still

Cannot cry
Knowing my
Tears won't drown the pain inside me
Searching
Seizing
Breathing
Bleeding
Screaming
Cover up the scars

Let the starless night
Keep them out of sight
Let the light of day
Make them fade away

Tried to hide
Safe inside
Mutely begging you to find me
Leave
Deceive me
Hurt me
Judge me
So I
Cover up the scars

Let the starless night
Keep them out of sight
Let the light of day
Make them fade away

I've tried so hard to become what you wanted me to
But instead I've ended up being
Everything you wish I'm not

Let the starless night
Keep them out of sight
Let the light of day
Make them fade away

Make them fade away
I'll make them fade away
