

Something Wrong

Forever Still

There's something wrong with me
There's something wrong with me
There's something wrong with me
I can't get over it

There's something wrong with me
There's something wrong with me
There's something wrong with me
I can't live like this

Treat me with silence
Dress me for violence
Too late for nice now
So don't act surprised just cause

I can't take no more
Nothing's like before
Drag me to your trial
Keep up your denial

I can't take no more
I can't take no more

If you see out of my eyes
Just one day
Would you care to believe or
Turn away?

There's something wrong with me
There's something wrong with me
