

Tied Down

Forever Still

Call me like you own me
Save your breath for sunrise
Raindrops fall like poison
Drown me in a sea of dark

And I can't breathe

See what you've done to me
Tried to break me
See all that I can be
When I'm not tied down

Starlight tries to shine through
Storm clouds eat the light up
Roses seem to blossom
Through their scent won't reach me here

And I can't sleep

See what you've done to me
Tried to break me
See all that I can be
When I'm not tied down

Slowly breathe in
Close your eyes
Calm your sighs
With tears you never dared to cry

See what you've done to me
Tried to break me
See all that I can be
When I'm not tied down

(When I'm not tied down)
When I'm not tied down
(When I'm not tied down)
When I'm not tied down
