Your Light

Forever Still

Letting go of my own life, turning numb and blind
I tried to lead you
Every time I close my eyes, you're there in my mind
I must escape it now

You break me and bring me down

Hide behind your smiles
Drown me in your lies
Find your way in time
I won't be your light

Watch you sink into the dark, grasping for my hand
Refuse to take it
While you're swallowed by your pain, I remain the same
I cannot shed a tear

You break me and bring me down

Hide behind your smiles
Drown me in your lies
Find your way in time
I won't be your light

Please forgive me for your pain
But you're tearing me apart

Hide behind your smiles
Drown me in your lies
Find your way in time
I won't be your light

Time is running out
I won't be around
Let go of my life
It's my last goodbye
