

King for a Day

Forever the Sickest Kids

King For a day
King For a day

You give so much more than they give you credit for
This world shuts down
But your heart is an open door
You kept running around, running yourself down
Take a breath, take a second and you'll see
everything that I'll got is everything you need
Not much but I'll give you all me

Can't you see you're beautiful
and you deserve so much more
I would give you everything if there was a way
If I was king, king, king for a day
I'd make, make, make you my queen
Give, give, give you anything
King for a day
King for a day
king for a day
king for a day

I'll take you away from this little apartment
and escape this pain that, that you've been living with
I would build you a castle in the skies
So high it'kk blow your mind
I would give you a crown, made from the promises for better life and

Can't you see you're beautiful
and you deserve so much more
I would give you everything if there was a way
If I was king, king, king for a day
I'd make, make, make you my queen
Give, give, give you anything
King for a day
King for a day
king for a day
king for a day

Every little thing, every little thing that you do is driving me insane
Every little thing, every little thing that I have is all for you

king, king, king for a day
king, king, king for a day
If you'll be queen

If I was king, king, king for a day
I'd make, make, make you my queen
Give, give, give you anything
King for a day
king for a day

king for a day
king for a day
