

## Forgotten Tomb

## Forgotten Tomb

Let me die alone in darkness,  
shunned by the light  
Misanthropic death,  
ignore the past life  
No more visions of tomorrow  
Dreaming the Death,  
a tomb in the fog  
A cold tombstone  
forgotten by everyone  
FORGOTTEN TOMB  
Leave me alone  
Let me follow the path to nothing  
Through the lands of inhumanity i wander  
The black candle light has closed,  
i can see the blackened beauty of Death  
Forget me, i' ll miss myself in the void  
FORGOTTEN TOMB...  
I am alone now,  
only the dark listen to my words  
Forget me
