

## Ages Ago

Forth Wanderers

See you standing there in your grey coat  
Did you cut your hair just to stay afloat?  
I remember you said, ages ago  
"If you love me now, you gotta let me know"

You're like a dream to me  
I wake up, I forget and fall back asleep

I won't wait  
For a new you to come my way  
Ages ago  
I said, ages ago
