

## Call You Back

Forth Wanderers

Leave me be, you know it got real bad  
And you can't see it  
So let me call you back

And I'll feel that weight  
See the look on your face  
Let me walk away

Breathing slowly  
Wash it all off  
Breathing slowly  
Wash it all  
Please  
Please  
Please  
Please

Not doing well, I'm in a bad way  
And can't you tell  
By just how I say it?

And I'll feel that weight  
And see the look on your face  
Let me walk away

Breathing slowly  
Wash it all off  
Breathing slowly  
Wash it all  
Please  
Please  
Please  
Please
