

## Company

## Forth Wanderers

I've been waiting  
For some company  
And I've been patient  
In the city streets

I'll be honest with myself from now on  
And I'll be aware of my health from now on  
I think that I  
Will not get by  
Waiting on you

You've been waiting  
For somebody too  
And you've been patient  
Oh, I had no clue

I'll be honest with myself from now on  
And I'll be aware of my health from now on  
I think that I  
Will not get by  
Waiting on you
