

Don't Go Looking

Forth Wanderers

Take what's mine
They don't work no more
I tried to find
What I came for

It ain't me
It ain't me

Don't go looking around
All is buried deep down
Don't go looking around
Don't go looking around
All is buried deep down
Don't go looking around

Hold my head
I can't lift it up
What was said?
Keep my lips shut

It ain't me
It ain't me

Don't go looking around
All is buried deep down
Don't go looking around
Don't go looking around
All is buried deep down
Don't go looking around

Don't go looking
Don't go looking
