

## Know Better

Forth Wanderers

Hey honey, are you lonely too?  
I've watched my love leave and he looks just like you  
Hey honey, I've been feelin' so blue  
Every time I wish, oh I wish I never knew

I hope one day you'll see  
Just what you've done to me  
I hope one day you'll see  
Just what you've done to me

Hey baby, I'll be thinking of him  
Trust me it's the scaredst I've been

I can't be this naive anymore  
I can't be this naive  
I can't be this naive anymore  
I can't be this naive

I hope I'll know better

How can I be there when you're calling my name  
How can you be there when I'm calling your name?

I need to be loved  
No, I need to be tough  
No, I need to grow up  
I need to grow up
