

# Nerves

Forth Wanderers

I can't fall asleep tonight  
I wish I'd wake up and sigh and realize I'm  
Wasting all my time

Your arms felt good  
Holding me up like you should

I don't know when  
I felt like that again  
Oh, please, let me in

I don't know what to say anymore  
I'll think of it soon, oh I'll know for sure  
Oh, I hope there's a cure  
Something to soothe my nerves
