

# Spit

Forth Wanderers

Fill my cup  
Watch it drain out  
See my love?  
Watch me swallow

Tell me how  
I felt your name in my mouth  
Tell me how to  
Spit it out

I knew then  
Couldn't even touch you  
Way back when  
I still think of that room

Tell me how  
I felt your name in my mouth  
Tell me how to  
Spit it out
