

Temporary

Forth Wanderers

They say, "Step up, be strong
This won't take long
It's temporary
It's necessary"
But it's not helping
And I'm not telling

They think I lie through my teeth
I don't know what they want from me
Do you know what they want from me?

I know I will need it
In time I will see it

"Step up, be strong
This won't take long"
They think I lie through my teeth
I don't know what they want from me

I am unamused
Of being the one accused
Of carrying the weight
Of making mistakes
