

Unfold

Forth Wanderers

Hope you keep
A penny in your pocket for me
Heads up for luck
'Cause I need it
'Cause I need it

I'm not yours to play with
I'm not yours to trick
I can't sleep when I'm uneasy
I get in my head
Please, relieve me

I know I'll find
I know I'll find
One of my kind

I won't do what I'm told
Help me unfold, I
Need to unfold

I've been tired of hearing fake speeches
Needless to say I'm in love with you
