

## Planet of Weed

## Fountains of Wayne

I've got everything I need  
Here on the Planet of Weed  
There's not much going on  
But it's just my speed  
There's no hatred and no greed  
Here on the Planet of Weed  
Everyone gets along  
It's quite pleasant indeed

Oh baby baby  
Won't you come with me  
Set your mind at ease  
Set your spirit free  
What a wonderful life we could lead I  
Together  
On the Planet of Weed

We've got magazines to read  
We've got Doritos to eat  
So lay back on the couch  
And kick up your feet  
There's a movie on TV  
I've been meaning to see  
It's by Oliver Stone

Oh baby baby  
Won't you come with me  
Set your mind at ease  
Set your spirit free  
What a wonderful life we could lead  
Together  
Forever  
Life is better  
On the Planet of Weed
