

## Nice to Know

Four Year Strong

If I didn't follow every single dream I'd be left wondering what could be  
If I were to mumble every single thought I think I'd tie my tongue in knots  
But I think I'll give this one a shot

Its nice to know there's a place to go  
And after all the things I've said and done  
Its just nice to know that you're not alone

If you said you'd give me anything I want I'd tell you I've already got it all  
And if once in a while everything was anything but perfect I'd be perfectly fine  
Cause you've got yours and I've got mine

Its nice to know that there's always a place to go  
And after all the scrapes and broken bones  
Its just nice to know that you're not alone  
Its just nice to know that you're not alone

So wait just a minute, take a second to believe  
While you're waiting for the moment  
Remember that time ticks on  
Remember that time won't wait for you  
Wait just a minute, take a second to believe  
While you're waiting for the moment  
Everything is going to be just fine  
Everything is going to be just fine  
Everything is going to be just fine

Its just nice to know  
You're not alone  
Its just nice to know that you're not alone

Everything is going to be just fine  
Everything is going to be just fine

You're not alone
