

The rain is taxing on us
There may be traffic but we'll still be linking up
Did you recover from the party favors?
Did you recover from the party favors?
We'll drink a coffee and we'll be one hundred bucks
We'll drink a coffee and we'll be one hundred...

Did you recover from the party favors?
That back-to-back, heavy pour, no chaser
A couple baddies in the back were caking
To the afters with the gang, big rager
These are the days that we'll always saver
Until our mansion in the 'Hills, I'm saving up
I'll never switch up, gonna stay one hundred bucks
Never switch up gonna stay one hundred...

The rain is taxing on us
There may be traffic but we'll still be linking up
Did you recover from the party favors?
Did you recover from the party favors?
We'll drink a coffee and we'll be one hundred bucks
We'll drink a coffee and we'll be one hundred bucks
We'll drink a coffee and we'll be one hundred...
