

clap for him

Fousheé

Clap for him
He lucked up and stumbled on a bad bitch
Made his money disappear like
You guessed it
On the day I was born I blessed him
He pulled up in a Tesla
I just get in where I fit in like Tetris

Clap for him
It's his lucky day, don't feel bad for him
He ain't never pulled a bitch like
You guessed it
God bless him

'Cause he never met a bitch like Fousheé
I'm worth every penny that you make
Don't be shy about it, spend loosely
I got big girl money but that shit collecting dust
Open up your wallet, let me see what's in your trust
I'm a great investment, I am worth all of the fuss

Clap for him
He lucked up and stumbled on a bad bitch
Made his money disappear like
You guessed it
On the day I was born I blessed him
He pulled up in a Tesla
I just get in where I fit in like Tetris

Clap for him
It's his lucky day don't feel bad for him
He ain't never pulled a bitch like
You guessed it
God bless him

God bless you
Beautiful as hell like a new born
Can I get blown like a hot soup?
Can we have sex with the coupe on?
Light skin baby when you drive boat crazy
Got the caramel skin like it's popcorn
Bend that ass over, time to hit it from the back
Had to tear them pants off, they was nylon

Auntie ask, "Why the hell would you put things in your body that you know yo
u can die from?"
I can tell you never did X
Best way to have raw sex
Rich young nigga, guess what I'm a do next
Pop my shit, niggas know that I flex
Complex life, too blessed, no stress
Move too slick, wrist smart like chess
Rather paranoid, I walk around big vest

Seventeen years, I left my nest
Big respect, got stripes like Guess
Put the team on my back like a Mitchell & Ness

Catch a lot of pests
Glock like a key, it could open your chest
Apologize caught me eyeing your breasts
I don't want smoke, no opps, I'm blessed
Want to fuck your friend, hope you both say yes

Clap for him
He lucked up and stumbled on a bad bitch
Made his money disappear like

You guessed it
On the day I was born I blessed him
He pulled up in a Tesla
I just get in where I fit in like Tetris
Clap for him
It's his lucky day don't feel bad for him
He ain't never pulled a bitch like
You guessed it
God bless him
