I tested my patience
Confronted my fears
And finally faced them
Now I can say I'm
I'm good on my own
I put in the wayment, yeah
Making a change ain't comfortable but
It's definitely something I've done before
Finally ready to go out and get it
Never felt so sexy, feel bad for my exes
I'm living my life

And I don't see anything wrong
I'm finally moving on (Moving on)
It's such a beautiful thing
I can proudly say I'm
I'm
Say that I'm

Single as fuck
Single as fuck
Single as fuck
Single as fuck

I'm single (Single)
Ready to mingle
Trying to prepare for the trouble I'm 'bout to get into
Pardon the interlude
But let me introduce you to
The best thing you ever got into
Not ready to settle but practice is helpful
My presence so special
Expect that you might get attached, I'm a
Delicate flower, aware of her power
No human, no doubter could down or account for me
Doubling back, back

And I don't see anything wrong
I'm finally moving on
It's such a beautiful thing
I can proudly say I'm
I'm
Say that I'm

Single as fuck
Single as fuck
Single as fuck
Single as fuck
