

smile

Foushé

You give me one good reason to smile
I wanna take you from them and ride around
And you got good reason to turn me down
But I'll make it worth your while

But lights blurry, I'm okay don't worry
I'm living in a mirage
Alright
Talk to me, take your time but hurry
The day will creep out on us

Alright

I know I'm saying a lot but
I really like you a lot
It's RIP if you flop
I'm pulling out all the stops

You give me one good reason to smile
I wanna steal you from them and ride around
And you got good reason to turn me down
But I'll make it worth your while
You give me one good reason to smile
I wanna steal you from them and ride around
And you got good reason to turn me down
But I'll make it worth your while

Oh, you think I'm pretty
You're quite the looker
You got some good genes
I'd love to take them off
And you look good on my arm
And I don't do this a lot
Let's make everybody in the room talk

Life sure feels nice
Pinch me twice
They're so dry
But if you say that you're mine

You give me one good reason to smile
I wanna steal you from them and ride around
And you got good reason to turn me down
But I'll make it worth your while
You give me one good reason to smile
I wanna steal you from them and ride around
And you got good reason to turn me down
But I'll make it worth your while
