Fousheé

I'll blow your brains out you stupid bitch
I'll blow your brains out you stupid bitch

Talk your shit
Niggas got a lot of lip
Don't care, haha, everybody suck my dick
I'm about to break some shit
I can't play no games on this
Here pussy pussy be a good kitty and take this hit

How about a .40 clip, ooh, that's a llama
Fousheé you're an animal, fucking on your mama
Straight chest shots now you're sweating like a sauna
Steel on your forehead, nigga, that's a line up

I'll blow your brains out you stupid bitch
I'll blow your brains out you stupid bitch
I'll blow your brains out you stupid bitch
I'll blow your brains out you stupid bitch

Blow you a kiss on your lips
Lollipop, love you to bits
Be sweet as chocolate, what's your wish?
For your love, do anything

(Doo-doo-doo, doo-doo-doo, laaa, oooh-oooh, doo-doo-doo)
Take my hand
We'll go to wonderland
Under the moon
(Doo-doo-doo, doo-doo-doo, laaa, oooh-oooh, doo-doo-doo)
On another planet feels a lot like tripping shrooms

Forever forgiving you, forgiving you
Forever forgiving you, forgiving you
Forgiving you
That's my downfall
Forgiving you
That's my downfall
Forgiving you
That's my downfall
