

# Wind

Fousheé

What little do we know  
Anywhere the wind blows (we blow)  
I could build a house of glass and lay low  
Anywhere the wind blows

Take the wheel  
It's patience  
I am water  
Not the greatest at it  
I am weightless

Open to those downloads  
Rooted in the soil but malleable  
I'm waiting

It's valued information  
I'm all ears  
It's valued information  
I'm all ears  
It's valued information
