

# And Also I'm Really Scared

Fox Academy

(Hello?)

Ooh

Ooh

I met you at the summer camp  
All alone  
Stealing ancient artifacts  
Burning homes

I don't really understand  
Why anyone forgives us  
I don't wanna hold your hand  
I just wanna give up

Swallowing the stars again  
On the floor  
Crashing in your fathers' car  
Like we did before

I don't really understand  
If anyone would miss us  
I don't wanna hold your hand  
If you're just gonna give up  
Chocolate cake and lava lamps  
I'm not even alive yet  
I just wanna hold your hand  
While everybody's dying

And you're not even trying  
You're not even trying
