

Pouring wine into my sprite
Begging God for my life
I want you to live forever
I want you to live forever

Two thousand nine family barbecue
Are your loved ones really proud of you?
I hope mine are, I hope mine are
Wearing work out clothes and feeling special
Tell myself I'm fine and I'm feeling better

I saw Kawhi Leonard in downtown
I cherish every moment I'm around

Showered with love
I am at home
