

iPod headphones in the red hot snow  
Dead wrong and I know  
Devil time every time  
On my mind gotta find you

Would I would you  
(But I wanna wanna...)

Lean on lean on me  
Lean on everything

Gator smile snot green  
I can see my face in your front teeth  
Buttery and you love me  
Sourdough sour patch  
And I like that  
And I like that

Lean on everything
