

I am pushing my luck  
With these few years that I've got

Carry baskets  
Full of tragedy  
If I have to  
Jump like rabbit  
I just hope the water's shallow

School shooting  
Where I lived as a kid  
Butterflies circling  
Around our heads  
When are you off work?  
Can I get you something  
From the store?  
How can I  
How can I  
Help you feel better?

I am pushing my luck  
With these few years I've got

Ambulance speeding by  
32 Cherry Blossom

I am wishing you luck  
Everyday when I wake up  
Hope I wake up  
Hope I wake up  
Hope I wake up  
Hope I wake up

How can I  
How can I  
Help you feel better?  
How can I  
How can I  
Help you feel better?
