Make Me Cry

Fox Academy

Fred Meyer at night when it's empty
My body is fighting against me, I know
I'm finally feeling healthy
Boones farm and the scent of sunscreen I love

Everything makes me cry
Everything makes me cry
I love it every time
I love it every time

Your eyes are brighter than the sun
I know I'm not the only one
And now I'm falling in the street
And now I'm crying in the sun

Everything makes me cry
Everything makes me cry
I love it every time
I love it every time

Drive through the sky on my yellow dirt bike
I can't believe I'm alive, I can't believe I'm a-
Wash the dirt out of my hair
Am I crying? I don't care
