Drive to the laundromat
Step on the concrete cracks
Puddle get my foot wet
No I don't have no regrets

You know me well, know me well
It's not hard to tell
You know me well, know me well
It's not hard to tell

Be what you need
Give you everything
Listerine dreams

You know me well, know me well
It's not hard to tell
You know me well, know me well
It's not hard to tell

Barbed wire new smile
Flat tire street style
Cones in the road
Step on my toes
I don't have no place to go
Swim in the lake
Make no mistakes
Sleep the whole day
Wedding ring in your birthday cake
