

Vampire Banquet,

Fox Academy

Oooh

Oooh

Ivory ceilings

Burgundy walls

There's blood I can feel it

As we float through the halls

And as I start to spin

The whole room gets dim

Vampire banquet

Vampire banquet

Vampire banquet

And we're never gonna make it

And we're never gonna make it

And we're never gonna make it

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

There's no getting out

There's no getting out

There's no getting out

There's no getting out

We're stuck in this house

We're stuck in this house

We're stuck in this house

We're stuck in this house

Vampire banquet

Vampire banquet

Vampire banquet

And we're never gonna make it

And we're never gonna make it

And we're never gonna make it

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room

We're locked in a room
