

All In

Fox Stevenson

You know I'm not gonna tell you
Something you already know
I've been doing my time
And thinking that I could though
We'll go somewhere we don't quite know
And do things that we can't quite do
I know that I never want to let go

I guess I've finally found something I wanna keep alive
So I'm going all in, yes I'm going all in this time
And when I can't look down, you're gonna keep my head up high
So I'm going all in, yes I'm going all in this time

Well I know what you are
But I don't know what I need
Can you show me what perfection feels like?
Cause it's something I can't quite hear
And it's something I can't quite see
Can you show me what I'm meant to be like?

I guess I've finally found something I wanna keep alive
So I'm going all in, yes I'm going all in this time
And when I can't look down, you're gonna keep my head up high
So I'm going all in, yes I'm going all in...

I guess I've finally found something I wanna keep alive
So I'm going all in, yes I'm going all in this time
And when I can't look down, you're gonna keep my head up high
So I'm going all in, yes I'm going all in this time

I guess I've finally found something I wanna keep alive
So I'm going all in, yes I'm going all in this time
And when I can't look down, you're gonna keep my head up high
So I'm going all in, yes I'm going all in this time
