

Bruises

Fox Stevenson

Oh, baby that was quite a punch
Can somebody check my pulse?
It's been a minute since I tasted blood
I forgot how good this was
Oh, honey it's a fucked up world
Can't you see the fun in that?
Somebody better hold me back

My god just do it
I'm so done thinking through it
'Cause I got bruises
Doing something stupid
Oh, honey it's a fucked up world
You can bet your life on that
Somebody better hold me back

My god just do it
I'm so done thinking through it
'Cause I got bruises
Doing something stupid
Oh, honey it's a fucked up world
Can't you see the fun in that?
Somebody better hold me back
