

Ether

Fox Stevenson

Hey, blue sky tide help me clear my mind
Full of nothing I need, no
I look up sometimes and to my surprise
I can finally breathe, woah

It's a real thin line 'tween wasting time
And getting some peace though
All the depths I dive try to finally find out
What it all means

Oh faithful
Inner demons
Give me something to believe in
I've been stumbling 'round the ether
I keep wondering why I'm here

Yeah, ether
Yeah, ether
Yeah, ether
(Ether)

Oh faithful
Inner demons
Give me something to believe in
I've been stumbling 'round the ether
I keep wondering why I'm here

(Ether)

Oh faithful
Inner demons
Give me something to believe in
I've been stumbling 'round the ether
I keep wondering why I'm here

Yeah, yeah yeah yeah
Yeah, ether
Yeah, ether
(Ether)

Hey, blue sky tide
(Yeah, yeah yeah yeah yeah)
I look up sometimes
(Ether)
It's a real thin line
(Yeah, yeah yeah yeah yeah)
All the depths I dive
