Manage

Fox Stevenson

I've been sat around just thinking about those golden days
In many ways, I know that's wrong
We've fell from time to time, we've kissed, we've tried
But God knows that's all gone
Babe, we were fucked up all along

I never had a light behind my eyes
But I always loved the way it looked on you
You swept me off my feet in record time
I'm not sure if I can manage without you

I've been sat around just thinking about those golden days
In many ways, I know that's wrong
We've fell from time to time, we've kissed, we've tried
But God knows that's all gone
Babe, we were fucked up all along

I never had a light behind my eyes
But I always loved the way it looked on you
You swept me off my feet in record time
I'm not sure if I can manage without you

We'll both admit defeat when it's the end
We'll both smile and nod, and know our time is through
But in my heart you'll always be a friend
'Cause I'm not sure I can manage without you
