

Okay

Fox Stevenson

Coke bottle girls
And beach club boys
Rule the world
And make all the noise
I can't help but lose myself
And lose my voice

It's all much, too much
Had a little but it's not enough
Start to thinkin' that I lost my touch
'Cause you're not hearing me out
Okay

Rum and tequila
And more señoritas
We get what we want
We don't care what we need'a
It's portable speakers
Boat party fever
Don't care 'bout the money
And you shouldn't either

She says something incoherent
And I know I
Should make an appearance
But I don't wanna
I run interference
But I guess I'm here anyway

It's all much, too much
Had a little but it's not enough
Start to thinkin' that I lost my touch
'Cause you're not hearing me out
Okay

Rum and tequila
And more señoritas
We get what we want
We don't care what we need'a
It's portable speakers
Boat party fever
Don't care 'bout the money
And you shouldn't either

Rum and tequila
And more señoritas
We get what we want
We don't care what we need'a
Piña coladas and strong margaritas
Daddy makes his money
Selling guns to drug dealers

It's all much, too much
Had a little but it's not enough
Start to thinking that I lost my touch
'Cause you're not hearing me out
Okay
