

Still Here

Fox Stevenson

(Eh)

(Only got myself to blame)

I don't say what's on my mind
You're the only one who sees me
Yeah, I've wasted so much time
But somehow I know you need me
I'm looking for an easy life
Won't you take my hand and lead me?
I know you've got yourself to find
But I can wait right here, believe me
Oh

Another place, another time
Another day in the next life
I'm out of sight, I'm out of mind
You're moving on with your life
But don't you think, if you have a doubt
That there are still things to find out
Is that a risk that you're willing to take?
(Yeah yeah yeah)
'Cause I'm still here

I'm still here
(Yeah yeah yeah)
I'm still here
I'm still here
I'm still here
Eh

I've only got myself to blame
I excel at hesitating
'Cause I know you felt the same
But I always kept you waiting
You're going your own way
And I love to see you thriving
But you look at me and say
I've got a gift for awful timing

And I know you're happy out there
I don't want to take that from you
Just don't forget me, I swear
And I'll come, I'll wait to see you

Another place, another time
Another day in the next life
I'm out of sight, I'm out of mind
You're moving on with your life
But don't you think, if you have a doubt
That there are still things to find out
Is that a risk that you're willing to take?
(Yeah yeah yeah)
Oh I'm still here

I'm still here
(Yeah yeah yeah)
I'm still here

I'm still here
I'm still here

I know you're happy out there
I don't want to take that from you
Just don't forget me, I swear
And I'll come, I'll wait to see you
I know you're happy out there
I don't want to take that from you
Just don't forget me, I swear
And I'll come, I'll wait to see you

('Cause I'm still here)
('Cause I'm still here)
(Eh)
(Only got myself to blame)
