Sunk Cost Fallacy

Fox Stevenson

Now and then I think of all the stuff I've been through
Sometimes I really miss you and I notice
I'm home again and I guess maybe I should see you
I always feel so broken and I love it

I'm surrounded by machines, nothing's ever as it seems
What a far cry from the lakes and from the canyons
Most of all I made a call, I got to lose or win it all
I don't care about the stakes, I never have done

But aren't we all just pieces of space dust
Gathering rust 'til we all go home
Are we only scared 'cause we're lonely
Somebody show me, I don't wanna go cold

It's a sunk cost fallacy
It's a slow motion tragedy
Just a something telling me that I know, I know
It's a self-told prophecy
Regarding what I wanna be
Just a sunk cost fallacy that I know, I know, I know

Now and then I think of all the stuff I've been through
I'm aware I'm supposed to miss you but forget to
I'm back again, yeah I guess maybe I should see you
But I've never really done things how I'm meant to

Surround myself with my machines, tear me apart at the seams
What a far cry from the lakes and from the canyons
And most of all I made a call, I got to lose or win it all
Should I care about the stakes when I never have done

Aren't we all just pieces of space dust
Gathering rust 'til we gotta go home
Are we only scared 'cause we're lonely
Somebody show me, 'cause I don't wanna go cold

It's a sunk cost fallacy
It's a slow motion tragedy
It's a something telling me that I know, I know
It's a self-told prophecy
Regarding all the things I wanna be
It's a sunk cost fallacy that I know, I know, I know

It's a sunk cost fallacy
It's a slow motion tragedy
It's a something telling me that I know, I know
Always a self-told prophecy
Regarding all the things I wanna be
It's a sunk cost fallacy that I know, I know, I know

You gotta remember
You gotta remember
You gotta remember
You gotta remember
You gotta remember
You gotta remember

You gotta remember what it was

Aren't we all just pieces of space dust
Gathering rust until we all go home
Are we only scared 'cause we're lonely
Somebody show me, 'cause I don't wanna go cold

You gotta remember what it was

Aren't we all just pieces of space dust
Gathering rust until we all go home
Are we only scared 'cause we're lonely
