

## Turn It Up (Higher)

Fox Stevenson

Turn it up, turn it up, turn it up! (Higher!)

If you feel like it's over  
If nothing seems right no more  
Or you're in need of something new  
Turn it up, turn it up, turn it up! (High!)

Turn it up, turn it up, turn it up! (Higher!)

We've gone too far  
And now we don't know where we are  
But I'll blame it all on you  
We move too slow  
We need invigorating  
And I think I know just what to do

Turn it up, turn it up, turn it up! (High!)

If you feel like it's over  
And nothing seems right no more  
And you're in need of something new

Turn it up, turn it up, turn it up! (High!)

And it's too much too handle  
And you think you've been here before  
Well then there's only one thing to do

Turn it up, turn it up, turn it up! (High!)

So let's progress  
We're much better than the rest  
And we can blaze a trail ahead  
What we become  
Will be determined by the things we will have done  
And we can conquer them instead

Turn it up, turn it up, turn it up! (High!)

If you feel like it's over  
And nothing seems right no more  
And you're in need of something new  
Turn it up, turn it up, turn it up! (Higher!)

And it's too much too handle  
And you think you've been here before  
Well then there's only one thing to do  
Turn it up, turn it up, turn it up! (Higher!)

Turn it up, turn it up, turn it up! (Higher!)

You have got to realize  
I've been trying, oh, so hard

Turn it up, turn it up, turn it up! (Higher!)  
I've lost my arms and legs and eyes and ears to you  
My brain, my soul, my dreams, my life

What should I do?

Turn it up, turn it up, turn it up! (Higher!)

Turn it up, turn it up, turn it up! (High!)

If you feel like it's over  
And nothing seems right no more  
And you're in need of something new  
Turn it up, turn it up, turn it up! (Higher!)

And if's too much too handle  
And you think you've been here before  
Well then there's only one thing to do  
Turn it up, turn it up, turn it up! (Higher!)
