

# Use Me

Fox Stevenson

I know you've got a lot to do  
You could use me (use me)  
Like you should  
It's hard, but know I'm there for you  
You could use me (use me)  
Like you should

Well, I've located the issue  
You've got a hole in your head  
Letting things in that you should be keeping out  
I'll break it down verbally  
So you can see what I can see  
It's good to see  
It's gotta be said  
It's clear to me that you're going south

I know you've gotta lot to do  
You could use me (use me)  
Like you should  
It's hard, but know I'm there for you  
You could use me (use me)  
Like you should

Letting me know what you need  
Is the first thing to do  
'Cause everything gonna be a little better for you  
I will do my best to notice  
And I'll try to help you out  
It's clear to me that you're going south

I know you've gotta lot to do  
You could use me (use me)  
Like you should (like you should)  
It's hard, but know I'm there for you  
You could use me (use me)  
Like you should

Another day, and I still don't know  
Why you say okay when you mean no  
There's a better place than feeling low  
And if you need help  
You could use me  
Na-na-na-na-na-na-na-na oo-ooh, oo-ooh  
You could use me  
Na-na-na-na-na-na-na-na oo-ooh  
Like you should

I know you've gotta lot to do  
You could use me (use me)  
Like you should  
It's hard, but know I'm there for you  
You could use me (use me)  
Like you should
