

Forgive Yourself

Foxes

Forgive yourself
Watch it raining down
Fooling yourself
Only you know how

People and sound
Moving around
Makes me nervous
Body withheld
Checking myself
Losing purpose

Forgive yourself
It's easy when it's somebody else
Watching you bloom
It makes me wanna move with, move with (Move with)

Walking for days tryna hold myself in the right way
I needed to escape
I needed to align in a new place
Watching you bloom
It makes me wanna move with you

Fooling
Fooling yourself

Forgive yourself
It comes back around
Be safe for a while
Feet back on the ground

People and sound
Talking so loud
Makes me nervous
Body withheld
Checking myself
Losing purpose

Forgive yourself
It's easy when it's somebody else
Watching you bloom
It makes me wanna move with, move with, move with

Walking for days tryna hold myself in the right way
I needed to escape
I needed to align in a new place
Watching you bloom
It makes me wanna move with you

Fooling
Fooling yourself
(Move with, move with you)
Fooling
Fooling yourself
(Move with, move with)

People and sound

Talking so loud
Makes me nervous
Body withheld
Checking myself
Losing purpose
