## Foxes

I could swear for a minute  
You could see right through me  
And you were reading to me like you always did  
And your name was Kathleen

Why do I let people be bad to me?  
Ignore reality  
She said don't take things too personally  
And her name was Kathleen

Tread, tread gently  
'Cause you'll be bound to cry  
So stay in your corner  
And I'll stay here in mine

Just go, be slow and you'll figure it out  
Head low, you'll know how to turn it around  
You'll sleep with lovers  
Sleep on sofas  
Sleep with others again

Just go, be slow and you'll figure it out  
Head low, you'll know how to turn it around  
You'll sleep with lovers  
Sleep on sofas  
Sleep with others again

As you reign from your tower  
And your throne's a single bed  
But you'll never know what you mean to me  
So I'm gonna do you proud instead

Tread, tread gently  
'Cause you'll be bound to cry  
So stay in your corner  
And I'll stay here in mine

Just go, be slow and you'll figure it out  
Head low, you'll know how to turn it around  
You'll sleep with lovers  
Sleep on sofas  
Sleep with others again

Just go, be slow and you'll figure it out  
Head low, you'll know how to turn it around  
You'll sleep with lovers  
Sleep on sofas  
Sleep with others again

Just go, be slow and you'll figure it out  
Head low, you'll know how to turn it around  
You'll sleep with lovers  
Sleep on sofas  
Sleep with others again

Just go, be slow and you'll figure it out  
Head low, you'll know how to turn it around

You'll sleep with lovers  
Sleep on sofas  
Sleep with others again

All of you is under all my skin  
And I wear you on my sleeve  
And you'll be reading to me like you always did  
And your name is Kathleen

"And I just saw this relaxation tape in this college library. And I think they made me a copy of it but I lovedly handed it back 'cause I thought it would help somebody else, but the copy's in development..."
