

# Again&

Foxwarren

I'll bet you sing  
Just how you laugh  
Toss your head back  
Let it out, light and free

Follow through again and again  
My heart is filled with you

I'll bet you dream  
Just how you laugh  
With the meaning of life  
From the dew in the tall grass

Follow through again and again  
My heart is filled with you
