

# Dress

Foxwarren

Baby, you know that dress you made  
I've been wearing it all day  
She thinks it's funny  
I think it's fair  
I think I wanna wear it  
I think I need to wear it

Step into the light  
Let me see your eyes  
Let me be the one that you keep dreaming of

Step into the light  
Let me see your eyes  
Let me be the one that you keep dreaming of

Come on, baby  
Can we go dance?  
I think you need to give me a second chance  
What is lipstick?  
What is wine?  
Why can't we just have one good time?

Step into the light  
Let me see your eyes  
Let me be the one that you keep dreaming of

Step into the light  
Let me see your eyes  
Let me be the one that you keep dreaming of

Step into the light  
Let me see your eyes  
Let me be the one that you keep dreaming of

Step into the light  
Let me see your eyes  
Let me be the one that you keep dreaming of
