

Round&round

Foxwarren

I'm holding it up
Stopping with my arms reached out
Running into everyone
Seems these things I used to enjoy
So much more than I do now

I'm thickening my skin
Feeling the eyes of everyone
Feeling the eyes of everyone
Wishing I could reappear

I'm thickening my skin
Feeling the eyes of everyone
Feeling the eyes of everyone
Wishing I could reappear

I watch you from the side
Round and round
I see you smiling wide
Round and round

I'm thickening my skin
Feeling the eyes of everyone
Feeling the eyes of everyone
Wishing I could reappear

I'm thickening my skin
Feeling the eyes of everyone
Feeling the eyes of everyone
Wishing I could reappear
