Your Small Town

Foxwarren

Grow old, when you are gone
Here I'll hold you still

Go on, if you're not done
I'll pour us another one
Lead me to your helping hand

If you're gonna leave, then leave me be
If you're gonna leave, then leave me be

I am your small town
Breathing down your neck
Reaching for a helping hand

If you're gonna leave, then leave me be
If you're gonna leave, then leave me be
If you're gonna leave, then leave me be
If you're gonna leave, then leave me be
