Watin' for them to call me  
True story before the lime light  
It was cars, trucks, and bikes

And ever since I was a child  
Use to stay dreamin' about Kevin chaws

Whatever happened to the days  
Lookin' around and it's all chagned  
Only the snitches and wannabees  
American ganstas are history  
Whenever you need me I'll Be there  
I've done all my ways compare  
I'm a beast up in the streets  
Baay girl there's no need

Just see him go to sleep in tha car

Since I was young, use to dream of fuckin' with habnow  
Poppin' bottles while he suckin' or swallow

Lookin' around and it's all chagned  
Only the snitches and wannabees
