

# I'm In Love With A Boy

Foxy Shazam

Rocky Horror Picture Show  
Was playing on TV  
I put some lipstick on  
It made myself horny

It's too bad you're too hard to touch  
'Cause our love makes too much noise  
I'm in love with a boy  
I'm in love with a boy  
Yeah

Love makes too much noise  
I'm in love with a boy

You'd be my air-supply  
If we lived on Mars  
We'd put some Bowie on  
And admire the stars

It's too bad we're stuck on Earth  
Where our love makes too much noise  
I'm in love with a boy  
I'm in love with a boy  
I'm in love with a boy  
Yeah

Our love makes too much  
Love makes too much  
Love makes too much  
Love

Our love makes too much noise  
(I'm in love with a boy)  
Our love makes too much noise  
(I'm in love with a boy)  
Our love makes too much noise  
(I'm in love with a boy)

Our love  
Our love  
Our love
