

Into the Wild

Foxy Shazam

As soon as I wake up I reach for my phone turn my face up
So many different things going on
Send me outer space time to lift off

But can I live
Motherfuckers let me live
Getting pulled in all directions
Tryna send me to the grave
But it is what it is
This the life that I live
Got me feeling kinda criminal
Look at what they doing to the kid
I turn off my phone, I shut down for an hour
I go into the woods, meditate
Nigga, smell the flowers
Then the minutes turn to hours
That's when people turn sour
Where you at man?
What you doing man?
Don't you do that fam
I just need to get away sometimes
I kinda need to go astray I'm fine

Wake me up I'm falling again
Wake me up I'm falling again
Wake me up I'm falling again
Wake me up I'm falling again

The cycle repeats
Phone calls texts messages and tweets
They keep needing my attention
Every minute every week
I just wanna be free
With my kid I don't wanna be bothered
I just wanna be a father
But no money no power
No money no, no money no
I been up for 18 hours but nobody knows
It's all a waste of time
I want some peace of mind

Wake me up I'm falling again
Wake me up I'm falling again
Wake me up I'm falling again
Wake me up I'm falling again

I'm falling I'm falling I need to get away from this whirlwind
They stress me-they calling
I'll do what it takes man im all in
The money we want it
But it's really nothing much it's phony
Just trust me don't go there
Go back when you young and it's all clear
Just simple no clutter
Just happiness
Love from your mother
But now where there's chatter

For them things that don't even matter
Its ruthless it'll kill you
Its ruthless it'll kill you
So I'm into the wild so I can chill too cause my soul need to feel too

Wake me up I'm falling again
Wake me up I'm falling again
Wake me up I'm falling again
Wake me up I'm falling again
